Beyond “Safe” Coulomb Excitation (11:20 - 13:00)

time	[id] title	presenter
11:20	[17] Investigation of the low-lying isomer in ^{45}Sc with Coulomb excitation experiments	MATEJSKA-MINDA, Magdalena
11:45	[18] Coulomb and nuclear excitations of neutron-rich nuclei around $N=28$ and $N=40$ at intermediate energy	CALINESCU, Stefana
12:10	[19] Unsafe Coulomb excitation of ^{106}Cd - exploratory work	KALAYDJIEVA, Desislava
12:35	[20] Estimating nuclear effects with FRESCO: some practical considerations	KEELEY, Nicholas
