

# 30 years of Warsaw Cyclotron and SFJ PTF Symposium

## Tuesday, 9 April 2024

### Session 4: Horizons: The Journey Ahead for Polish Nuclear Physics - Hall A (16:20 - 17:25)

| time  | [id] title                                                                                                          | presenter        |
|-------|---------------------------------------------------------------------------------------------------------------------|------------------|
| 16:20 | [42] The continuing importance of stable beam facilities for understanding direct reactions: a current perspective. | KEELEY, Nicholas |
| 16:40 | [54] Barrier distributions studies at HIL: from the most recent results to our future plans                         | COLUCCI, Giulia  |
| 17:00 | [51] ab initio cluster formfactors for direct reactions                                                             | WOLSKI, Roman    |
